

Meeting Minutes Feb 16 2024

Attendees:

Kacie P, Lysa H, Yifan Z, Muiz O, Robert P, Elya D, Max Y

Goals:

- Can everyone make it to our meeting with Brendan, February 27th 3:00-3:20pm?
- How do we fix Muiz merge issues? How do we make sure this doesn't happen again?
- On track to finish everything in sprint 1? ONE WEEK for a sprint review meeting
- Discuss User Profile Design
- Schedule sprint retrospective meeting (28th at 3:00pm, regular Wednesday meeting?)
- Schedule sprint 2 planning meeting (28th right after sprint retrospective? March 1st?)

Discussion:

Everyone can make the meeting with Brendan.

Yifan will revert changes made by Muiz which messed up the file structure, Muiz will fix his changes and make a new pull request.

Kacie

- Design got approved for user profile page, and we looked again at progress report work
- Kacie will make UML diagrams and continue working on progress report 1

Lysa

- Made database tables, test accounts, password hashing
- DB gives error with bad passwords, bad usernames
- Logging in works!
 - Should encryption be done in the backend? Sending raw text to server. If someone was listening to packet communications, they could gather passwords. Maybe we can ask Brendan during our meeting.

Elya

- Nothing in progress
- Briefly discussed guest users
 - Make sure that pages can be seen by guests in different states - will need to be tested as new pages get implemented.
- Will be working on the user profile page

Yifan

- Will work on data flow in front end - make sure front end format is same as back end

Muiz

- Will finish the login/signup pages, implementing email verification

Max

- Waiting for updates to development to test his changes to the dailies page

Decided that CSS files will be in with the json files, not in their own dedicated CSS folder.

Sprint retrospective meeting and sprint 2 planning meeting will be occurring back-to-back on February 28th.

Next Time:

Meeting - **Wednesday Feb 21 at 3:00pm**

Goal - Sprint review meeting on Friday (2 days!). Are we meeting our goals? Plan how we're going to present the site to Brendan on Tuesday.
