

Meeting Minutes Feb 13 2024

Attendees:

Kacie P (posted updates in chat, could not attend meeting completely), Lysa H, Yifan Z, Muiz O, Robert P, Elya D, Max Y

Goals:

- Has Brendan confirmed invitation?
- On track to finish everything in sprint 1? ~10 days for sprint review meeting.
- Look at Progress Report 1 layout as it is right now.
 - Make sure everyone is listing their contributions at the bottom of the page.

Notes:

- Next meeting will be at 4 instead of 3 because the final scheduled online tutorial (LLMs and Prompt Engineering for Software Engineers) is on that day.
 - Kacie will go and take notes on anything that's useful for us (probably won't end up being very applicable).

Discussion:

- Progress report, think it's very comprehensive so far
- Looking at user page design
 - Look into how to store profile picture in the back-end
- Footer -> planning for some updates
- Notice issue with scrolling -> Yifan will be looking into that
- Front-end needs to have access across pages to different information (like user status). Current thoughts to store it in State and Props.
 - Yifan was setting up state/props and showed what he has know, share plans on how to scale it to all pages
 - Get data on sign-in and then update on actions
- Lysa will send a link to the video about sign-up/login. She has been following it to implement the back-end part and will share this so that front-end team could follow up
- Robbie is working on habit/task back-end
- Muiz is working on merging his sign-up page pull request currently out
 - Showed a demo of code verification popup (Comments: dark out the rest of the page for the 'focus' effect)
 - Will be making new pr with this soon
- Max has been working on dailies page
- We renamed task on Goal Creation Page in Jira to Dailies popup (That's what we have for the current design)
- Moved Friday's meeting to 4:30 (from 4pm)
- Kacie sent an email to Brendan confirming that he is still available for our Sprint 1 Review meeting (waiting for response)

Next Time:

Meeting - **Friday Feb 16 at 4:30pm**

Goal - 2 meetings until Sprint 1 Review meeting. Has Brendan confirmed that invitation? Are we on track to finish everything for Sprint 1?
