

Meeting Minutes Feb 26 2024

Attendees:

Kacie P, Lysa H, Yifan Z, Muiz O, Elya D, Max Y
(no Robert P.)

Goals:

- How are we going to present our work in ~15 minutes to Brendan on Tuesday?
 - Is progress report 1 ready?
 - Who will be saying what?
- Update main branch for meeting tomorrow!

Notes:

- Make sure everyone lists their contributions in the Progress Report 1

Discussion:

- Discussed the change password feature in the user profile
 - Shows random asterisks, front end shouldn't know the user's password
 - To change the password, the user should put in their old password AND new password, send check to backend to change the password
- Profile picture
 - How will we be storing this? Added to Jira for stage 2
- Yifan did some last minute work for today's update to main
 - Some unit testing as been implemented (not fully done)
 - Sign up is working now, for the demonstration with Brendan (no verification)
 - Tells you if an incorrect password is entered, incorrect username, missing form fields, etc.

Merged Elya and Yifan's branch, ready to push to main once meeting minutes are posted.

- User profile page still needs a menu (profile, settings, sign out) to get to it, but temporarily there is a button in the navigation bar to get to it.

Discussed and planned meeting with Brendan tomorrow and what each person will be saying/doing (see Progress Report 1 Meeting notes).
