

## Meeting Minutes Mar 1 2024

### Attendees:

Kacie P, Lysa H, Yifan Z, Muiz O, Elya D, Max Y, Robert P

### Goals:

- Reflect on LLMs and Prompt Engineering for Software Engineers tutorial, was there anything we can take away for our project?
- Read over Progress Report 1, see if it is good to submit
- Any final pushes to development before the main branch gets updated again tonight?
- Do we have to move Challenges to Sprint 2? Currently in Sprint 3.
- What will everyone be working on by Tuesday?

### Notes:

- Kacie will be creating UML diagrams to add to the report after the meeting - will people be available on Discord to say yay or nay?

### Discussion:

Discussed LLMs briefly, confirmed there was nothing relevant from the tutorial for our project (separate meeting notes).

Progress Report 1 looks good, Kacie will be doing a few final edits (updating GitHub reports) before final submission tonight, as well as a few UML diagrams.

What have we been working on?

- Kacie worked on Progress Report 1
- Robbie worked on next habit API request
  - Needs some clarification, number 5 in the API document, got the clarification he needed from Yifan
- Max worked on scaling problems with the Dailies page, Dailies will be added to the main branch tonight before Progress Report 1 submission (so everyone's contributions can be seen in the GitHub logs).

What will we be working on?

- Lysa - routers and controllers for get/post requests to be a little easier
- Yifan - will be working on settings/profile/sign out dropdown menu
- Elya - will be getting some designs done and get the user profile page finished
- Kacie - will be designing the guest homepage, analytics page, and notification page
- Robbie - more API work
- Muiz - will be getting email verification done
- Max - continuing work on the Dailies page

### Next Time:

Meeting - **Tuesday Mar 5 at 5:00pm**

Goal - How has everyone's progress been? Sprint 2 Review meeting is at the end of next week, what is our progress like? What are we going to work on?
