Meeting Minutes Jan 26 2024

<u>Attendees:</u>
Kacie P, Lysa H, Yifan Z, Muiz O, Robert P, Elya D, Max Y

<u>Goals:</u>
- Do a final review of the release planning document, to be submitted and uploaded to GitHub today
- What has everyone been working on?
- What needs to be worked on first? Make sub meetings for design?
    - Need to design general theme (colour, style) of site before specific pages are designed
- Kacie will not be here next Wednesday (unless we move the meeting time)
    - Tuesday?
    - If not being moved, who will be doing the meeting notes?

<u>Discussion:</u>
Everyone is happy with the release planning document, Kacie will be submitting it after the meeting to Brightspace and GitHub.
What has everyone been working on?
  Kacie - release planning document beautification/editing
  Lysa, Robbie - made ER diagram for planning the database
   - Went through it, and it looks good. Starting to create plans for database tables. Will upload the image files to GitHub when it is in a finished state.
Next Wednesday we will be voting on a general design for the site, which needs to be done before individual pages are designed.
- Anyone who wants to help with design ideas should do so before the meeting on Wednesday and add images to Jira.
- Anyone who finds inspiration from other sites can put images into Jira, but make sure to credit where the image came from.
- Discussed that there will definitely be a gaming aspect to the game, since there will be leaderboards, challenges, streaks, and we want group challenges.
    - Decided on leaderboards being amongst friend groups (since there is no accountability if leaderboards are site wide), but there will be group challenges (Bookworm, Sunshine Lovers…).
Those who will not be helping with design, before next meeting, will be working on initializing the database (Lysa) and setting up routers for the pages and a basic layout (Yifan)
Jira Task 21 - Guest User Feature (discussion)
- So that someone can view different pages without an account.
- Certain pages will need to be blocked or display different information since they aren't signed in and do not have information.
Moved the meeting next week to 4:30 next Wednesday so that Kacie can attend! :)

<u>Next Time:</u>
Meeting - **Wednesday Jan 31st at 4:30pm**
Goal - Vote on a design idea, what has everyone worked on, what needs to be worked on next.
